Money Management Tips

- Create a realistic budget and follow it. It will help you build your savings.
- Track all your expenses. It will help you see where you spend your money.
- Check your credit score once a year for free by going to www.AnnualCreditReport.com or call toll-free 1-877-322-8228. Knowing your score and correcting any errors is important - credit scores can affect everything from getting a job to renting a house.
- Create a "rainy day" fund or savings account by saving even a small amount of your check every pay day.

Looking for a Job

- Treat your job search like a job (work at it daily)
- Be prepared for interviews (learn about the company)
- Use the internet to search for jobs. Many employers only accept applications on-line
- Join a Job Club! Job Clubs help unemployed community members find a new job and deal with the challenges of unemployment. Find and connect with Job Clubs in your area at www.dol.gov/jobclubs
