NRFC Webinar Series

Healthy Fathers, Healthy Families (May 18, 2017)

Helpful Resources

National Responsible Fatherhood Clearinghouse

- Healthy Fathers, Healthy Families, a research brief with information and links to resources to help fathers improve their own health and well-being, and the health and well-being of their children.
- Depression among Urban Fathers with Young Children, a research report that provides an overview of previous research about men and depression, identifies factors associated with risk of depression for urban fathers, and offers tips on how fatherhood programs can help fathers identify and address symptoms of depression.
- Safety Tips for Dads – four tip sheets, drawing on data from the National Center for Injury Prevention and Control, with information about common accidents for children at different ages and suggestion about how dads can help avoid these accidents:
  - Safety Tips for Dads to Keep Babies Safe (Infants Under 1 Year).
  - Safety Tips for Dads to Keep Young Kids Safe (Ages 1 to 4 Years).
  - Safety Tips for Dads to Keep School-Age Kids Safe (Ages 5 to 14 Years).
  - Safety Tips for Dads to Keep Teens Safe (Ages 15 to 19 Years).
- Let’s Talk About Mental Health – a 2015 webinar that focused on ways in which fatherhood programs can talk about mental health issues. The materials available for download include a list of additional resources.
- Links to Mental Health Resources.

U.S. Department of Health and Human Services

- Prevention and Wellness page – provides links to resources on vaccinations and immunizations; nutrition and fitness; health screenings; mental health and substance abuse; family health history; the environment and your health; and healthy lifestyle.
- HealthFinder.Gov – links to local health services, including doctors, dentists, other care providers, community health centers, hospice, and hospitals.

U.S. Department of Health and Human Resources, Office of Adolescent Health

- Think, Act, Grow® (TAG) – a website with resources and a national call to action to improve adolescent health in the United States.

National Center on Addiction and Substance Abuse (CASA)

- CASA’s Family Day initiative provides resources to help parents talk with their children about substance use and other issues.

Child Welfare Information Gateway

- Includes resources to help parents talk with children who have experienced trauma or sexual abuse.
